

Meet the Big Rig Kids

www.thebigrigkids.org

The Big Rig Kids Empower Youth, Families, and Communities.

The Big Rig Kids (BRK) is an educational organization that utilizes literary arts, interactive workshops, and business and educational partnerships to engage and encourage youth to support their families and communities, while also providing youth exposure, and access to resources that will help them to determine their future goals, become independent thinkers, and address difficult topics that can have detrimental affects on the entire family.

The Big Rig Kids™ was founded in 2016 by Renee Brown, a retired truck driver, turned children's book series author and speaker. Renee is a native of Georgetown, SC. and now resides in Metro-Atlanta, Georgia.

THE BIG RIG KIDS STORYBOOKS & TRAVELING WORKSHOP TOUR

"The Big Rig Kids" book series promotes literacy, unity, awareness, self accountability, and community outreach. Each storybook is accompanied by a workbook, which provides an applied approach to assess children's knowledge about popular themes in each book. The BRK 2023 Traveling Workshop Tour is scheduled to tour NC, SC, FL, DC, MD, DE, NJ, PA, NY & GA, which includes Big Rig Kids, partners, and presenters.

The workshops include BRK storytimes, auditions for the storybook characters, and stage play, panels on bullying, health and careers, and other activities pictured below. BRK Partners & Presenters join us in each state and bring interactive workshops that may be requested like, etiquette - hotel restaurant and tourism; and beyond the sport - safety, certifications, and careers within sports, and more. Request the BRK Tour at your school, community center, library, or religious institution and watch the delight from youth, parents, and educators as they experience the joy that comes along with effective programming that promotes unity in our communities.

We have outlined a few of our Tour events that are confirmed, in and around your servicing areas below:

NORTH CAROLINA
